

The background of the slide is a photograph of a multi-lane highway with several cars and a large FedEx truck. The image is overlaid with a semi-transparent blue filter. A white rectangular box with a thin black border is positioned in the upper-middle section of the slide, containing the draft vision statement and a list of four questions.

Draft Vision Statement:

In the Midlands of South Carolina, opportunities abound for ground breaking efforts in creating a sustainable environment and economy. Together, our local governments, businesses, developers, environmentalists, and community groups will become more informed on integrated environmental issues and will work to develop and implement action steps that lead to better environmental planning and growth management strategies, all in ensuring that the Midlands remains a quality place to live, work, and play for generations to come.

1. Review the draft vision; what is missing?
2. What is imperative that we (CMCOG and Local Governments) do in the next 12 months?
3. What questions are we not asking? What have we not considered?
4. How can CMCOG further help you in developing an Action Plan/Action Steps for your locality?
